PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate with hands-on experience in full-stack development, blockchain technologies, and data science. Completed industry-certified internships and built multiple end-to-end projects spanning decentralised systems, web applications, and machine learning. Passionate about solving real-world problems through technology and eager to contribute to innovative, collaborative environments.

EXPERIENCE

Data Science Intern

May – Jul 2025

Council for Skills and Competencies (CSC India) / APSCHE

- Completed a 2-month online internship in Data Science using Python under the APSCHE Student Internship Initiative.
- Gained practical experience in data cleaning, exploratory data analysis, visualisation, and machine learning workflows using Python libraries.
- Awarded Certificate of Completion by Associate Director Y. Sandesh (ID: CSCIndia-rsa87iua).

PROJECTS

Organ Donation Platform

Blockchain · Solidity · Web3.js | 2025

- Built a decentralised donor registry on Ethereum with smart contracts ensuring tamper-proof, transparent medical records.
- Implemented on-chain donor matching and multi-party verification logic accessible via a web frontend.

AgriConnect

Blockchain · React | 2025

- Developed a blockchain-based farmer-to-buyer marketplace eliminating intermediaries through smart contract automation.
- Enabled immutable transaction records and automated escrow-style payments to protect both farmers and buyers.

Hotel Booking System

MERN Stack | 2025

- Designed and developed a full-stack hotel booking application with JWT-based user authentication and room availability management.
- Built RESTful APIs connecting React frontend to Node.js/Express backend with MongoDB database.

Weather Prediction App

Python · Scikit-learn | 2025

- Trained a regression-based forecasting model on historical climate datasets achieving reliable short-term predictions.
- Created an interactive Matplotlib dashboard to visualise prediction accuracy and seasonal weather trends.

EDUCATION

B.Tech – Computer Science & Engineering

Expected Jul 2027

GVP College of Engineering for Women (Autonomous) · Andhra University, Vishakapatnam

Higher Secondary Certificate (Class XII)

Mar 2023

Kendriya Vidyalaya, Vishakapatnam

Secondary School Certificate (Class X)

Feb 2021

Kendriya Vidyalaya, Vishakapatnam

CERTIFICATIONS

Data Science using Python – Internship Completion

Jul 2025

CSC India / APSCHE · Certificate ID: CSCIndia-rsa87iua

Data Processing & Visualisation – Silver Level (69%)

Mar 2026

NASSCOM FutureSkills Prime · ID: FSP/2026/3/10273423
